### **Boat Instruction & Chartering Experience**

Boat: 34' Bavaria "Firefly"

Notes: Had to stop in Lund to change the fuel filter (and then bleed engine). We experienced light breezes most of the trip, but had a beautiful sail rounding Sarah's Point and up the Toba Inlet (to the waterfall). Some nice stops/sights included: Sydney Harbour, Silva Bay, Pender Harbour, Grace Harbour, the Wildernest Resort, Squirrel Cove, Gibson's Harbour, Porlier Pass, Clam Bay, Friday Harbor and Cypress Island.

July 21 – August 3, 2007 (two weeks!)

Destination: Desolation Sound, BC. via San Juan Islands, the Gulf Islands, the Sunshine Coast and back again.

Boat: 34' Bavaria "Firefly"

From: San Juan Sailing, Bellingham, WA

Sailing with: my wife, Anne Hurley

Notes: On this trip we traveled approximately 400 miles. The winds were fickle providing some great days of sailing and others most suitable for motoring. Fortunately the two times we had to cross the Strait of Georgia we had excellent winds. Putting out of Bellingham, we stopped at Stuart Island for the first night. We cleared customs in Sydney the next day and sailed onto Montague Harbor in the Gulf Islands. We timed our approach for slack tide to sail through Dodd Narrow to Nanaimo. Then it was over to Pender Harbor for a night and then onto Lund for the next night. We had three days in Desolation Sound before heading back

south. With little to no wind, we motored an entire day, going from Desolation Sound to the delightful town of Gibson's Landing. That day we covered approximately 100 statute miles in about 12 hours. We time saved from the long day provided us with three final days in the San Juan Islands.

July 28 – August 4, 2006

Destination: Lake Michigan, Leelanau Peninsula, Lake Charlevoix, & Petoskey

Boat: 34' Catalina "Splash Dance"

From: Bay Breeze Yacht Charters, Traverse City, MI

Sailing with: my wife, Anne Hurley & Mark Longacre

Notes: Good cruising grounds. We had a chance to explore Lake Charlevoix, which scenic and a delight to sail on. Anchoring off of the State Park beach gave us a chance to hike the shore, swim and get a break from the heat. We had nice sailing conditions with the exception of Tuesday & Wednesday, when a series of sever storms blew through. We were safely tucked into Petoskey harbor and enjoyed the view from there.

July 24 – 31, 2005

Destination: Coastal Maine. Departed from Rockland, sailed to North Haven, Eggemoggin Reach, Center Harbor, Isla au Haut & Vinalhaven.

Boat: Hunter 295 "Exit"

From: Johanson Boatworks, Rockland ME

Sailing with: my wife, Anne Hurley

Notes: Incredible cruising grounds with many wonderful anchorages. Notable stops include: Holbrook Island, Eggemoggin Reach, the Wooden Boat School, Isle Au Haut & North Haven. Beware the lobster pots when motoring. There are literally millions. When sailing our keel slid right over them.
